ABOUT ME

I am a CSE undergrad student at CUET with a strong foundation in full-stack web development and software engineering. With hands-on experience building dynamic platforms using modern technologies like React, Next.js, Node.js, and Spring Boot, I enjoy creating impactful applications that deliver seamless user experiences. I have solved 500+ problems in competitive programming and thrive on tackling challenges that strengthen my analytical and critical thinking skills. Beyond academics, I am eager to contribute to innovative projects, continuously expand my technical expertise, and collaborate within diverse teams to build scalable and efficient solutions.

EDUCATION

Bachelor	2022 - Present
<ul style="list-style-type: none">• In Computer Science & Engineering• From Chittagong University of Engineering & Technology• With current CGPA: 3.15	

SKILLS

Technical skills

Programming	C, C++, JavaScript, Python, Java
Markup & Styling	HTML, CSS, Tailwind CSS, Bootstrap
Development Stack	ReactJS, React Native, NextJS, ExpressJS, NodeJS, Springboot
Version Control & Collaboration	Git, GitHub
Design & CMS	Photoshop, Wordpress
Documentation & Writing	LaTeX, MS Office
Operating Systems	Windows, Linux

Comprtitive Programming

- Solved 500+ Problems in Codeforces, VJudge and other online judges.
- Achieved Maximum rating of 1367 in Codeforces. Handle: n014

PROJECTS

Personal Branding Website Next.js, Tailwind CSS	Jan, 2025
<ul style="list-style-type: none">• Designed and built a responsive personal portfolio to showcase projects, publications, blogs, and contact links.• Implemented smooth animations and modern UI features to highlight skills and provide an engaging user experience.	
Full-Stack Property Marketplace React, Tailwind CSS, ExpressJS, NodeJS, MongoDB	Nov, 2024
<ul style="list-style-type: none">• Developed a dynamic real estate platform with property listings, advanced search functionality, and secure authentication.• Applied responsive design principles to ensure seamless user experience across desktop and mobile devices.	
CUET Community React, Tailwind CSS, ExpressJS, NodeJS, MongoDB	May, 2024
<ul style="list-style-type: none">• Engineered a social media platform for CUET students with profile customization, posts, messaging, and event sharing.• Integrated search features to connect current and former students based on educational or work institutions.	

- Built a platform to notify and discover onsite/online contests, rate problem sets, and find relevant practice problems.
- Added mentor connection features to support learners in accelerating progress in competitive programming.

Please visit my **portfolio** or **GitHub** to see more of my projects.

EXPERIENCE

Volunteer Developer – YouthNotion (Dev Team)

Nov, 2024 – Present

- Contributing as a developer to **YouthNotion**'s technical team, supporting the development and maintenance of web applications.
- Gained hands-on experience in teamwork, code collaboration, and real-world project workflows.

CERTIFICATIONS

- Completed **Supervised Machine Learning: Regression and Classification** (DeepLearning.AI).
- Completed **Advanced Learning Algorithms** (DeepLearning.AI).
- Earned **JavaScript Algorithms & Data Structures Certification** (freeCodeCamp).
- Earned **Front-End Development Libraries Certification** (freeCodeCamp).
- Earned **Back-End Development & APIs Certification** (freeCodeCamp).

LANGUAGES

- **Bangla** - Native
- **English** - Proficient
- **Hindi/Urdu** - Conversational

EXTRA-CURRICULAR ACTIVITIES

- Passionate about reading fictional, historical, and motivational books.
- Love to play Chess and team sports such as Cricket, Football, and Badminton.
- Enthusiastic about traveling and cycling.
